Four Directors Re-elected

Sierra Madre Hospital Corporation Meeting

Four directors were re-elected to the board of the Sierra Madre Community Hospital, at the corporation meeting at the city hall on Wednesday evening, February 15.

Three directors re-elected to three year terms were: John A. Sielen, James D. Brown and John H. Curtis. Irl J. Beatty, also elected to a three year term was a former member of the board.

Board president Henry Nelson reported that when the community purchased the hospital early in 1961 that a mortgage in the amount of \$477,000 was issued to the sellers, Dr. and Mrs. Groth, which was reduced to \$380,000 on December 31, 1966.

Income for services during 1966 amounted to \$177,300.34 with expenses of \$141,441.36, leaving a net operating income of \$35,858.98. Other income, less expense, amounted to \$23,396.78 making a net income of \$59,255.76. Total current assets, as of December 31, 1966, were \$160,131.81 while land, build-

Rollo D. West Receives New Appointment

Rollo D. West

Rollo D. West has been appointed the new Operations Director of California Water & Telephone Company, according to J. C. Newman, vice president. West was promoted from manager of General Telephone's Orange Division, and will report to CWT's headquarters in Monrovia in his new position.

"West started his career with the telephone industry in 1948 as a draftsman. During his 18 years with General Telephone Company, West has held several top management positions including general office data operations manager, area commercial administrator and division manager. He is considered to be an outstanding specialist in administration of commercial, purchasing and marketing activities," said Newman.

West, a naval veteran of World War II and Korea, is an active member of the Masonic Lodge and First Christian Church. He and his wife, Barbara, live in Huntington Beach with their four daughters.

Jewelry Dazzles SM Library

This Sierra Madre Library is very jubilant about its two new displays. One represents a goal finally achieved, the recent acquisition of some 30 or 40 books on photography which had previously been in short supply at this branch. These books have arrived good time for all the family amateur photographers who will be wanting to brush up on their skills before summer vacations.

The second display is quite literally a dazzling one, for it presents gem stones and jewelry as well as books and pictures on the arts connected with precious stones. This exhibit of lapidary rocks and stones has

Senior Citizens Pay Homage To Washington

A large crowd of Senior Citizens and guests met at the Park House on Saturday to pay homage to the first President of the United States by celebrating his 235th birthday anniversary.

Anne Ridgeway was responsible for the lovely table decorations. Door prizes were won by Mrs. Barker, Mrs. Smith, Mrs. Koeh, Mrs. Kueller and Mr. Bryant.

Guests for the day were: Mrs. May Buchanan, Toronto, Canada; Mrs. A. Kueller, New Jersey; Mrs. Helen Bremer, Chicago, Ill., a cousin of the treasurer, Mrs. Helen Wheeler.

Mrs. Minette Ring announced several interesting trips, as tour chairman, the most outstanding being the three day, \$25 tour to Las Vegas. For details call Mrs. Ring at 447-0690.

Alice Burley, birthday chairman, read off the names of members born in January and February, who will be honored next Saturday, at the cherry pie luncheon at the Park House.

Following the business session, a patriotic program was presented by Miss Lillian Jones, who gave Inter-

Pasadena Schools Meeting

"How Does High School Districting Affect You and Your Community?" is the topic which will be explored in a public meeting Monday, February 27, at 7:45 p.m. at the Field Elementary School, 3600 Sierra Madre Blvd., Pasadena.

A panel discussion will be presented by James Stivers, Pasadena School Board president, Albert C. Lowe, Jr. and Robert G. Lloyd. Written questions from the audience will be answered after the formal presentation.

Clyde Smyth, vice principal at Pasadena High School, Mrs. Gene Miller, Muir High School vice principal, Richard Fletcher, counselor at Blair High School, and Wayne Brannon, president of the Pasadena Board of Realtors, will be available during the question period.

Carl Hoelscher, president-elect of the Pasadena Chamber of Commerce, will chair the meeting, and Mrs. Robert Zurbach, a past president of the California State League of Women Voters, will act as moderator.

The meeting is being co-sponsored by the Pasadena

Baker Puppets Presented By Nursery School

Sierra Madre Community Nursery School Association invites the public to attend its annual presentation of the Bob Baker Marionettes on Saturday, March 4. There will be two showings — 1 p.m. and 3 p.m. in the Eugene W. Field Elementary School cafeteria, 3600 Sierra Madre Blvd., Pasadena.

Tickets may be obtained, for a donation of \$1 each, by calling Mrs. Harmon, 445-0416.

The Bob Baker Marionettes, featured yearly at the Laguna Beach Festival of Arts, are well known for their many motion picture and television appearances. Celebrities continually request the troupe to entertain them at private parties. Unequaled craftsmanship, with minute attention to every detail, is necessary since the puppets appear "in the round." Audiences are seated on three sides of the stage so that both the marionettes and the manipulators are visible to the spectators. Parents and grandparents are certain to enjoy this enchanting show every bit as much as their children.

The marionette show is the last planned way and means project for this school year. Donations will help finance many needed repairs and improvements to the nursery school. These repairs and improvements are then completed on volunteer time provided by the fathers during group "work-days" held on weekends.

Inventory Reduction Sale

Cycli's Offers Furniture And Gift Items At Savings

Monday, March 6 is the accounting day when all merchants must make an accounting of their inventories and pay taxes at the rate of 25 per cent of all stock on hand as the assessed valuation.

Cycli's Furniture store is desperate in their desire to reduce this inventory before this time and pass the tax savings on to you as the purchaser, hence you will find in this issue of the

News a full page which represents some of the exceptional purchases that you may make prior to this time, and help yourself by helping them.

Although the full page advertisement is only a portion of the many bargains that are available, included in this stock reduction sale are the exotic gift items that Cycli's have long been known to present to its customers.

The reduction of inventory for tax purposes is but one of the reason for this "cut to the bone" sale. New spring and summer furnishings are scheduled to start arriving from the Los Angeles and San Francisco Furniture Mart, and Cycli's just do not have the room to receive this merchandise together with that which was carried over from the holiday buying period, therefore extra low discounted prices have been tagged onto their floor merchandise and warehouse stocks.

Book Sale March 9-10

Books of all kinds of subjects will be offered by the Friends of the Sierra Madre Library during its annual book sale to be held in the basement of the library on March 9, from 10 a.m. to 9 p.m., and March 10, from 10 a.m. to 6 p.m.

Booklovers will find both paperback and hardcover books ranging from how-to-make patchwork quilts through poetry and art to a large collection of Zane Grey and mystery stories.

The hours between 10 a.m. and noon on Saturday, March 10, will be set aside specifically for the children's books. Punch and cookies will be served during this time to young book purchasers.

Mrs. Jack McKee is chairman for the 1967 annual sale, assisted by Mrs. Tal Morash, Mrs. Perry Brown, and Mrs. James Reed. Junior Friends, under the direction of Mrs. Jerry Asher, are assisting by collecting books for the sale, and teenage members will act as sales clerks during the children's book sale.

Gherkins Decorators Leave S.M.

Trilba Gherkins, Interior Decorators and Designers must leave Sierra Madre, the biggest reason being that their lease has expired at 14 N. Baldwin Avenue, and larger business working space is necessary to take care of their expanding clientele, therefore they are offering for sale all of their room samples in decorator furniture, lamps and accessories at cost and below costs so that they will not have to move them to their new quarters, or will not have any stock inventory at tax accounting time.

Trilba Gherkins Interiors have picked for their new home 1039 E. Green St., in Pasadena and will be just as close to you as your telephone.

"Leaving Sierra Madre was a hard decision to make," states management, "But we will be back, just as soon as we find suitable space large enough to accommodate our growing operation." Now is the time to purchase high quality decorator furniture, lamps and accessories at a fraction of their original selling price.

SM Rose Garden Has Rose Care Program Feb. 27th

The Sierra Madre Parks and Recreation Department will present its annual Rose Planting demonstration at Memorial Park on Monday, February 27. The session will begin at 7:30 p.m. and will last approximately until 8:30 p.m.

The City rosarian, Mr. Gordon Baker Lloyd will provide the demonstration and narration. The demonstration will include all aspects necessary to proper planting of roses, including mulching, root pruning and removal of unwanted bushes.

This demonstration is the second part of a rose pruning demonstration which was presented by Mr. Lloyd and Mr. Gillfillan on January 31.

The bare root rose season is now here and this is an opportunity to learn correct planting procedures. The demonstration will be free of charge.

For further information call 355-7135.

Planning Unit Reviews Plan

At its regular meeting last Thursday night the Sierra Madre Planning Commission granted a requested lot split to Edwin Ward Jr. to create two additional lots on south side of East Laurel between Mountain Trail and Canon.

They also granted permission for consolidation of eight small parcels into two larger sites. This was for D. Alcorn, at 646 Alta Vista Dr. The also granted a variance for a front yard setback of 15 feet and a side yard setback of 6 feet.

The commission also looked at a proposed revisions in city code pertaining to fence heights on top of retaining walls but tabled this for further study.

Plans were reviewed for remodeling to be done to the property at 37 W. Sierra Madre Blvd. which is to be the site of a family billiard

PARRY O'BRIEN

The USA's only four-time Olympian, PARRY O'Brien, will address members and guests of the American Legion Post No. 247 at a luncheon on February 28 to be held at 720 N. First Ave., Arcadia.

O'Brien titles his talk, "The Heart of a Champion" and gives his views on many informative and inspirational subjects, such as the Olympic Games, the will to win, and sports in the Soviet Union.

O'Brien speaks with authority on the the subject of amateur athletics because of his own extensive experiences and records in the field. He's a former world shotput record holder, a Sullivan Award winner, a Helms World Trophy Winner, has established new world sports records 13 times, and was honored with the appointment of flag bearer for the United States contingent at the 1964 Olympics in Tokyo.

The field of finance claims O'Brien's professional time. He is a vice president of Home Savings and Loan Association, the nation's largest.

Jan Maddox Enters Hospital

Mrs. John H. Maddox III of 800 N. Auburn, better known to townsfolk as Councilwoman Jan Maddox, entered Huntington Hospital last Friday for emergency care, the observation and treatment of a recurrent condition. She reports from her hospital bed-side phone that she thinks the doctor may permit her to return home this coming Friday.

Not only friends, but the whole town will be glad if her stay is a short one, for during the months of her first year in office as a member of the City Council, Jan Maddox has added a number of appreciative fans to the zealous supporters who put her into office because of the dedicated hard work she has contributed to city affairs, and they only hope that when she comes home, her concern for Sierra Madre will not overtax her returning health. Foremost in the accomplishments made during her time in office has been a major revision of both the city budget and the procedures for it, in which she collaborated with her running mate, Councilman Ed Wagner, both spending many hours of research to achieve these revisions.

The News joins citizens in hoping that Mrs. Maddox

The Green Thumb of Love

Of Mr. and Mrs. Hartman Orchid Raising World

Why doesn't the Sierra Madre Garden Club have a membership drive with green thumb buttons and Mrs. Rudolph Hartman as chairman in charge of securing the new members? To hear her talk about the success she and her husband have had in growing orchids, any would-be gardener would conclude that if orchids are that easy, others things can't be too difficult.

But what Mrs. Hartman modestly calls luck may well be that proverbial green thumb, which many would spell simply as I-o-v-e. The Hartmans have been in the orchid-raising world for the past three years, ever since Mr. Hartman gave his wife a greenhouse for her birthday and his enjoyment.

It's true that the greenhouse has automatic heating and sprinkling, but even the cymbidiums which the Hartmans grow outdoors under trees seem to thrive better than those of their friends and neighbors, even though Rudy would insist he uses no magic potions or vitamins from his pharmacy.

The fact that Mrs. Hart-

Sirens Sound February 24

The combined civil defense warning sirens of the County of Los Angeles and the City of Sierra Madre will be sounded Friday, February 24 at 10 a.m. in the customary month-end test of the systems, Sheriff Peter J. Pichess announced.

The test will consist of the usual steady wail for two minutes. After 30 seconds of silence and undulating tone will be sounded for one minute, said Pitchess.

Little League Baseball Clinic Opens With 150 Boys

The Little League Clinic on Sunday saw over 150 local boys turn out for instruction in the first program sponsored by the league this season.

The managers who worked with rotating groups of boys for over four hours, teaching them the fundamentals of baseball, all felt that the program was a success and should be repeated next season.

At the close of the program several free baseballs were awarded, winners were: Richard Barick, Andy Ehlers, Tony Matter, Bobby Babbitt, Bob Lioher, Jerry Caldwell, Jimmy Robertson,

I suppose the time has come when we should try and explain the "Personals" that have been appearing in the Classified section of the Sierra Madre News for the past several months... Try is what I said, because most of it is a complete mystery to me, as much as it is with you.

—CT—
This started some months ago when I came to work in the morning and found letters under the door containing a personal message and containing \$1.25 for their insertion.

—CT—
As time has progressed, many of these messages, to me, seem to be fun with some people, while others seem to carry messages of concern.

—CT—
The Police have been interested, the postal inspectors have been interested and some individuals highly interested.

—CT—
We cannot publish all of those articles that are left under the door, although they do contain the required money. In some instances they are quite pointed and disclose secrets. We keep a little money jar which contains the money received, which if those who have not had their articles published would like to come in and claim same, we will return their money. To date we have had no complaints.

—CT—
I have one who consistently writes to me under the name of Cougar Nugget, it is driving me totally mad, I have blamed my wife, all of my help have come under strict scrutiny, but I weed them out for lack of the \$1.25. I have spent hours checking hand writing and remarks, but to no avail, but someday before I go to my happy hunting ground I do hope to have the mystery uncovered.

—CT—
Again there is Jack Overholt of Vogue Cleaners. So help me, Jack does not know where or why of Mable, Mary, Ethel or Helen. Jack likewise has accused his wife, me, his friends, but to no avail. Jack sometimes is waiting at the door on Wednesday to get his copy to find out, what happens next.

—CT—
I overheard one guy in the coffee house the other day say that he picked up a copy each Thursday morning to see if they were mentioning him. When he found out that the paper was out on Wednesday, he turned a bright pink. Said words to the effect that sometimes things get close to home and he must know what is cooking... I did not know the man, but he should have a chance to read over the unpublished articles... quite interesting.

—CT—
I will not allow anyone that seems to have a personal vendetta publish their articles, that is if I am smart enough to detect same, and although I am pilled with questions when

Recently a special spray was on display in the store: one large stalk with 12 blossoms of pale pinkish orchid with deep-toned centers. Because the Hartmans grow various varieties which bloom at different seasons, they have orchid blooms all year round, and keeping little corsage vials on hand makes it practical for them to give these away to shut-ins in hospitals and friends for anniversaries, knowing that they will last a while.

The Hartmans have had their personal struggles with the snails which menace the efforts of most gardeners in this area.

Even the experts are not sure how snails can invade a glassed-in greenhouse, except for the obvious supposition that they somehow come tunneling up through the ground from a distance away, but once in, a snail can consume a whole plant in just a few days.

Authorities recommended going out at 10 o'clock at night and surprising the marauders at their depredations, but so far the Hartmans have never nabbed a

member of the enemy. However, they did such a thorough plant by plant check and spraying before they went away for three weeks recently, that it looks like they have at least achieved victory, or at the very least, a truce.

To go to the other extreme in plant life, you have Walter Fader, also a Garden Club leader, who hovers over his award-winning succulents (a hardy race known for sturdiness and dogged survival) as though they were delicate orchids, each tagged with its long and official scientific name. He, too, is successful, so perhaps the important ingredient is indeed the green thumb of caring, rather than the method thereof.

Surely few things make one feel so accepted as a member of the community and of good neighbor status than to be offered a slip from someone's prized plant; I cherish those I have been given for this even more than their beauty in various stages of growth, and they will keep green for me the appreciation of the friends found in Sierra Madre.

Although I'm a week late in talking and telling your about "Law Enforcement Week," I see no reason in the world that it can't be carried out the rest of the 51 weeks in the year.

Of all the public services, that of law enforcement is by far the most abused. The standards required of a young man before he can qualify for police training are high both mentally and physically.

The demands made of him after he has finally been accepted are even higher. To be a policeman or woman you must be a special kind of person with a true desire to serve your fellowman and your community. You must be aware that your time will never completely be your own again because in any major emergency you will be on 24 hour duty if necessary till

the crisis is past. A policeman is trained to meet danger head on, intelligently, but regardless of personal safety, it is his job, his duty, and his desire. He is expected to further his education and to grow with his job or be left behind.

True, for this he receives a salary and many benefits which he more than earns. The thing that is denied him is the honor, and dignity he deserves for the service he renders to his community. He is maligned and damned, he's belittled, he is offered bribes, he is beaten, and abused by some of the nicest people. Some people that you would honor in your home feel it is their right to heap abuse on the "cops" and "fuzz" and any other derogatory nickname they chose to call them.

They guard us 24 hours a day in every way that you can think of. They guard our homes, our businesses, our lives, our health. They even guard us in our pleasures. They rescue our children as a normal everyday job. And do the parents of that rescued child remember — I do. My youngest child was up in Chantry Flats with his bicycle without my knowledge. He called home scared and crying because his bike had been stolen. I told him to stay by the telephone.

A request for a clarification for property at Baldwin and Sierra Madre Boulevard in regard to a coin operated car wash brought forth the ruling that this was not within the realm of permitted use within a commercial zone. This would rule out its use for this purpose without a change in the zoning ordinance or a proving of am-

biguities within the ordinance.

It is also understood that other parties are also interested in developing this property for other uses at the present time.

The commission spent the rest of the evening discussing the proposed civic center plans to be further discussed at the joint meeting with the city council and further study of the master plans.

ANNA MARIA REDL
... engaged

Anna Maria Redl To Wed In July

Mr. and Mrs. Franz Redl of 352 E. Alegria, announce the forthcoming marriage of their daughter, Anna Maria, to Mr. Stephen Dean Henderson of 2570 Doolittle Avenue of Arcadia.

Anna Maria and Stephen met while they were both attending Pasadena City College. Now the happy couple are seniors at Cal State of Los Angeles where Anna will graduate this June in American Studies, and Stephen will receive his degree December in accounting. This June, Stephen plans to take the CPA exam which is one of the hardest exams accounting majors can take. This will certify him as a public accountant. The bride-elect hasn't decided on the wedding's color or style yet, she intends to give that her full attention.

Mr. and Mrs. Ellet Celebrated 25th Anniversary

Mrs. Sue McCue and Mrs. Cynthia Keltner were the charming hostesses at the 25th anniversary of their parents, Mr. and Mrs. Charles Ellet Jr. This splendid event took place at 536 Manzanita on Sunday afternoon, February 12.

Champagne cocktails were served, followed by a buffet supper. The anniversary cake was very elegantly decorated by Mrs. Keltner.

Guests were: Mr. and Mrs. James Heasley, Mrs. Jennie Knight, Mrs. Ruth Barden, and son Richie, Mr. Stanley Coutant, Mrs. Ethel McLain, Mr. and Mrs. Riley Creed, Mr. and Mrs. Philip Heisig, Mr. and Mrs. Dale Landers, Mr. and Mrs. Gary Piper, Mr. and Mrs. Jack Keltner, Mr. and Mrs. Ed McCue, Mr. and Mrs. Cleo Smith, Mr. Danny McCue, and daughter Dana Lee, Mr. Jim Keltner, and son Eric, and Tom and Wendy Ellet.

Highland Lads, Lassies Start Square Dances

A new short course, in square dance basics, will begin 8 p.m., Wednesday, March 1, at the American Legion Hall, 227 N. Ave. 55, Highland Park. It will be sponsored by a new club, the Highland Lads and Lassies.

The class will be held on Wednesday and Friday nights. The instructors will be Tom Dunagan and Jess Owens.

Singles, couples, and late teens are welcome to a world of fun, relaxation, and new friendships. Partners will be furnished by the sponsors.

Cancer Society Transports and Serves Patients

The American Cancer Society wishes to tell the citizenry of the services which they offer to those with the ailment who are in need of transportation or Grey Lady services which this club offers.

The ladies in the American Cancer Society are called "stand-bys" and the Sierra Madre branch of the nation-wide organization has 30 active members who do just as their name implies. They stand-by, ready to give their services to any with this disease or their families who require transportation or someone to mind the children, do beside reading, any duties which need to be done, except first aid or household cleaning.

One of the members said, if the person needs to get to a clinic or doctor's office which is in other cities, or perhaps downtown Los Angeles, to feel free to call these women for they'll see that transportation is provided. The lady to call is the American Cancer Society president of Sierra Madre, Mrs. George J. Laffkas, at 601 Ramona, 355-7778.

phone and I called the Sierra Madre Police Department. They referred me immediately to the Arcadia Police Department. I told them my problem and in less than five minutes they had called my boy to reassure him and almost by the time they finished talking to him on the telephone another policeman arrived on the scene to help him and to allay his fears. Those men weren't "cops" they were friends in need.

We cry because our children are led astray by dope peddlers and yet we keep the very tools that would help the police department prevent this problem from their hands. We allow them to educate our children on the dangers of drugs and addiction but then we say hands off with our laws.

We cry if we get a traffic citation but we don't see the mangled bodies that result from the one that didn't get caught. We scream about the tax dollars that are spent in the efforts to stop crime and we vote against efficient laws that would automatically cut the need for more personnel.

No one man can help, but we have fine clubs and organizations in our town that could help and do help. Let's give our friends the support they need and clean up our state!

Had a visit the other day with Mrs. Robert Hansen. They had just returned from Miami where Mr. Hansen attended a New York Life Managers meeting. They stayed at the Diplomat Hotel down there and I understand it is just beautiful.

She had a group in on her return for luncheon and bridge. Mrs. John Chapman came from Hidden Hills and Mrs. Robert Mueller and Mrs. E. Marshall Harris from our area.

The "Supper Club" had their last dinner at the home of Mr. and Mrs. A. J. Huber. Unbeknownst to the rest of the group they were celebrating A. J.'s birthday which was announced with a big cake.

Those attending were Mr. and Mrs. George Amthor, Mrs. John Wiles, Mr. and Mrs. Jim Germain, Mr. and Mrs. Ralph Paquette, and Mr. and Mrs. Ben Rogers.

The Rogers just said farewell to their houseguests, Mr. and Mrs. C. W. Waklee with their two children Todd and Lynne. They came down for a few days from Jackson.

Mr. and Mrs. Warren Dunning are home after a four day weekend down La Jolla and San Diego way. They were able to combine pleasure with a little business and to see a number of their friends in that area.

The C. Tom Crawfords of Sierra Madre Villa are home again after a month's vacation in the Islands. They went over to spend New Year's eve with their old dear friends, the Robert Packards, on Kauai. I asked Edna how many New Year's eves they had spent together and she said every one since they had been married, which will soon be 30 years. That's quite a record. On this trip the Packards and Crawfords did a little island hopping. They flew over to Kona on the island of Hawaii, and to Hana on Maui. They came home to a new granddaughter who was born on January 4, to their daughter Chris, and their son-in-law, Mr. and Mrs. Kenneth Bannister. They have named the new baby Cheryl Lynn. She has two sisters, Lorinda, 4, and Julie, Anne who is just 2.

Youth Off To Tijuana As Annual Affair of Methodist Church Group

Want to give up Easter which will increase the vacation at the beach, lolling in the sun, to work on a school wall and sleep on the floor of a church? Twenty-five Sierra Madre students have decided to do just that and have already gotten their project well underway with a dinner they gave at the Woman's Club this past Sunday evening.

The proceeds aren't to pay the transportation or food expenses, for each teenager is responsible to pay for himself. Although these funds are a good start they only begin to pay for the amount of materials needed for this work, donations therefore, will be most welcome.

The title of this little refuge, "Casa de Todos," means "house for all" and that is truly what it is, for it sets in the heart of the slum district of Tijuana, surrounded by needy families who depend on the school, church, and medical services available to them. Founded by a spunky little Mexican-American lady, Senora Meza, the Casa de Todos has aided this desperate community on contributions and the support of a board of directors in San Diego.

These hard working members of the youth group of Sierra Madre's Methodist Church, complete with directors Mr. and Mrs. Tal Morash, and assistant directors Mr. and Mrs. O. V. Jensen, will be joined by the youth group of the Methodist Church of Coronado.

Dear Editor:
The members of the Sierra Madre Senior Citizens send a big thank you for your generous space given our column in The Sierra Madre News.

—Mrs. Lucile Pickett

Old Trail Back Into Use

Sunday magazine, as did many others. Perhaps the best of all was Ralph Story, of KNXT, who featured the trail on his Los Angeles Story. CBS radio also told the story. The old Mt. Wilson Trail, as Russ Leda-brand so kindly wrote in his Guidebook to the San Gabriel Mountains, "will one day reclaim some of its lost glamour."

Hikers once again streamed up the trail and the voices of children playing by the stream cast a lilt of happiness in the warm spring air. The U.S. Forest Service District Ranger handed me the "Unsafe to Travel" signs and truly it was a happy day. But it did not last long.

The Los Angeles Flood Control Board had already gone into the Big Santa Anita Canyon and, with the U.S. Forest Service doing the construction, had completely annihilated all of the natural beauty that once bowered there. They had carved out the hillsides, built a road into the canyon and built some 95 ugly check dams throughout the area.

The cabin owners had put up what fight they could but there were only a few.

Civic Center

permit the commission more time for its planning procedures. The controversy was not with the necessity of the board, as all were agreed to its necessity, but as to its make-up. Half of the commissioners wanted an additional group appointed while the rest wanted a board made up of members of the commission.

The Assistant City Attorney will present to the commission a sample ordinance which would permit the commissioners to appoint the member to the board, with the concurrence of the Council and could theoretically include members of the commission or alternates if they so choose.

Another joint study has been tentatively set to deal with further progress reports in the near future.

The people of Sierra Madre who loved the area were disgusted and many refused to enter the area again. And now we found out they were planning the same fate for the Little Santa Anita Canyon and were looking forward to the cooperation of the people of Sierra Madre. It seems they had overlooked the fact that the city of Sierra Madre owned the canyon. They had expected no opposition.

Betty and I were at a loss, we were not engineers nor geologists. All we could do was preach natural beauty and its spiritual value to our youth. We started out with dim hopes. Even the stream with its series of tiny pools seemed to sparkle in the sun like pieces of broken mirror and a cloud of gloom hung over the canyon.

Perhaps with a bit of a tear in our voice we told R. Robert Evans the story. He listened and believed in our cause. Early in January or 1966 the Sierra Madre News headlined the story and the long battle to save the Little Santa Anita Canyon was on. Copyright — Bill Wark, 1967

been made possible through Mr. and Mrs. C. H. Chittenden of Altadena, who have both been past presidents of the Pasadena Lapidary Society. A similar larger display is at the Pasadena Public Library and will be on view for a month.

The displays have been timed to coincide with the 10th Tournament of Gems, sponsored by the Pasadena Lapidary Society, which will be held in the William B. Davies Memorial Building of Farnsworth Park, Altadena, on Saturday, March 4, from noon till 10 p.m. and Sunday, March 5, from 10 a.m. to 6 p.m.

The tournament will present from 10 a.m. to 6 p.m. The tournament will present gem stones, jewelry, lapidary art, lapidary machinery and a demonstration of gem cutting. There will be no admission charge for the exhibit.

DBE Holds Sale, Tea For Public

The Grosvenor Square Chapter of the Daughters of the British Empire will conduct a sale of new hats, shifts and handbags on Saturday, February 25, from 1:30 to 4:30 p.m. This is going to be held at The British Home, 647 Manzanita Ave., which the proceeds will benefit.

There will also be English afternoon tea served to those who wish it, for a donation of \$1.

Girl Scouts Hold Cookout

The Unicorn Patrol of Junior Girl Scout Troop 523, had a cookout Friday, February 10, at the home of their leader Mrs. Vira M. Koulouas. They made hamburgers, tossed salad, hot chocolate and samosas for dessert.

They also had a chance to observe some of the stars constellations. A project of the evening was planting a special plant to be presented to their mothers in the future.

Girls in attendance were, Ann Green, Laura Hutto, Jenny Koulouas, Shelly Menon, Sally McCormac, Robin Morse, Valerie Peterson and Janice Szerszen.

Euel Crabtree Now In Vietnam

Marine Private First Class Euel A. Crabtree Jr., of 37 N. Auburn Ave., is a member of "D" Company, 11th Engineer Battalion at Dong Ha, Vietnam.

His battalion is a unit of the Third Marine Division, and is one of the main supporting units for the division in the field.

The battalion specializes in various types of mine laying and field communication as well as assistance in engineer support of tactical maneuvers.

Girl Scouts Rummage Sale To Pay Vacation

The Mariner Girl Scout of the Sea Nymph "ship" will hold their annual rummage sale from 9 a.m. to 5 p.m. on Thursday, Friday and Saturday, February 23-25 in the new Wisteria Shopping Center at the corner of Lima St. and Sierra Madre Blvd.

Proceeds from the sale of the donated clothing, jewelry, appliances and bric-a-brac will be used to help defray expenses of the girls' sailing cruise next summer. They won't be able to plan the destination of the cruise until they know how much money they have raised; last summer the girls went to Catalina.

The Mariners meet weekly in preparation for their cruise, studying navigational skills, knot-tying and other aspects of sailing, under three leaders, Mrs. Marjorie Peterson, Mrs. Doris Stuart and Mrs. Myrt Waite.

The Sea Nymph ship also plans to have a fashion show and salad bar luncheon during March at the Sierra Madre Congregational Church to add further funds for cruise costs. The girls will join with other ships' crews from throughout the area in a weekend encampment or "GAM" in April. A "GAM" is an old whaling ship term referring to a gathering to practice ship skills; during this meeting the Scout will compete in boating, swimming and navigation events.

Co-chairmen of the rummage sale are two mothers of girls who belong to the "ship," Mrs. James Reed and Mrs. Aurelia Jensen.

Mrs. Rae Anderson of 288 Churchill Road reports that the young Sierra Madre Mountaineers continue to hike and climb on weekends (her son Ken is a member). Guess this is a youth organization which will grow in prestige as our town becomes ever more a focal point for people interested in all to do with mountains.

SM Dealer In Hardware Convention

Despite the after math of one of the most severe winter snow storms to hit the city, the 43rd annual ACE Hardware convention recently took place in the Conrad Hilton Hotel, Chicago. Mr. Bob Hatfield, of Arnold's Hardware, local ACE dealer was one of over 900 dealers from coast to coast attending proceedings.

The four day meeting was designed to enable ACE dealers to discuss mutual store problems and opportunities with each other, and with specialized merchandising personnel from the general office. New techniques and procedures in merchandising, accounting, advertising, etc., were just a few of the many topics under discussion.

Mr. Hatfield stated, this is the largest show of its kind in the country. Besides attending daily business meetings, close to 400 exhibitors occupying 70,000 sq. ft. of show floor space displayed new '67 merchandise for ACE dealer consideration. Merchandise emphasis was placed on spring and summer items which will have strong consumer appeal and will soon be on the shelves of Arnold's Hardware.

The final day of the convention, centered upon a series of informative tours. One tour centered upon the nerve center of the entire ACE organization, the home office and warehouse. Another tour took dealers to the ACE paint factory where ACE paints were in the process of being manufactured and distributed. A third tour took dealers to outstanding ACE stores in the Chicago area to note operating procedures. "Much was accomplished during the four day period," Mr. Hatfield stated, "and during the coming weeks and months ahead, the benefits derived will become self evident in the way of more efficient merchandising methods."

Dear Editor:

The Sierra Madre Civic Club again finds itself in your debt for your generous contribution of promotion for the recent March of Dimes. This year the March was an unqualified success as over \$1,000 was collected by the marching mothers. Without your support, the drive certainly would not have been such a success.

Thank you again.

—MRS. F. J. ALFERY
Corresponding Sec'y

The Redman household certainly had an exciting Abe Lincoln holiday when they were blessed with their first boy, little Zone Thomas, who will receive a lot of love and attention, I'm sure, from his four sisters. Tom and Mary Redman are now the proud parents of Michele at USC, Nancy at PCC, Chris at PHS, four year old Suzanne, and now Zone Thomas. Congratulations!

Henry Danowskys Celebrate 25th Anniversary

Surely there are few small cities the size of Sierra Madre which can boast of such a large number of silver and golden wedding anniversaries celebrated. Latest of the local couples to achieve such a happy goal are Mr. and Mrs. Henry H. Danowsky of 350 San Gabriel Court, better known to friends and neighbors as Hank and Maxine, whose 25th wedding anniversary was this past Valentine's Day.

The Danowskys' anniversary was celebrated by a big reception given on Sunday, February 12 by two San Gabriel Court neighbor couples, Mr. and Mrs. Wesley Anderson and Mr. and Mrs. Frank McNamara. Over 70 guests attended, and among them, of course, were the Danowsky children, Jane and Jim.

The Danowskys have lived in Sierra Madre for 12 years, coming here from Dayton, Ohio, where they met. Mrs. Danowsky is a native of Ohio; Mr. Danowsky was born in Poland, had lived in New York before moving to Ohio.

Senior Citizens Pay Homage To 1st President

esting highlight on the personal life of George Washington, born in Virginia, February 22, 1732 and who guided the country for 20 years, there being only 11 states during his regime. He set his own rules of conduct, laughed at jokes but made none himself.

Many photographs show him with a firm set mouth; this was because he had poor teeth. Paul Revere, the silver smith made him a set of teeth but they were a poor fit. At 27 years of age, he married Martha Curtis, a rich widow and in 1759 they moved to Mt. Vernon. Not any of his step children

lived to see him in the President's chair. On the back of his chair was painted the rising sun. The only time he ever was out of the United States was when he visited his invalid brother in the Barbados Islands.

One of his favorite expressions was "My failures will be a stepping stone to my success." He succumbed to pneumonia in 1799 at the age of 67 years.

Following the program, members joined in singing patriotic songs, led by Edna Murphy with Vivien Singleton at the piano. Card games made up a very pleasant afternoon.

will be held on December 9, with plans being for a bigger area and more entertainment. This is the greatest project of the volunteers, as this provides the money for their Easter party for the children, Christmas party, Christmas party, their welfare program for citizens of the city and gifts to those less fortunate throughout the year and especially at Christmas.

Cyci's Offer

There have been no purchases especially for this sale, but is all high quality merchandise purchased for Cyci's trade, but this, having been the first year in business, found that management was just a little heavy on the ordering pencil, thus this error is your good fortune in being able to purchase quality merchandise at a very low price. Selections are still good with much merchandise still in the warehouse, so make it a point to attend this sale and save yourself a bundle.

'Man's Quest' Sermon At Congregational

Continuing his series of Sunday sermons concerning man's eternal quests, Rev. David G. Howell will speak on "Man's Eternal Quest for God" at the 10 a.m. worship service on February 26, at Sierra Madre Congregational Church.

The sermon will touch on the thought that for most people any God would be adequate because adequacy is not a major concern. God is made smaller by our unwillingness to receive his greatness and to find purpose and security in his adequacy.

Wednesday evenings at 7:30 the Lenten series continues, and an invitation is extended to all the members of the community to attend.

A special outing to the Los Angeles Zoo is the plan when the Senior High Fellowship group gathers at 1 p.m. on Sunday, February 26.

Christian Science churches this Sunday.

The Golden Text is from John: "No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared him."

Lesson - Sermon Announced For Sunday, Feb. 26

"The Power of the Lord's Prayer" is the lesson-sermon of Dr. Ethel Barnhart at the Sunday morning 11 o'clock Worship Service, February 26 at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia. The power of this prayer embodied in the consciousness of the individual is a dynamic force for good operating in and through him.

"This service is a channel through which God's goodness may flow into expression for you," says Dr. Barnhart. The public is cordially invited. Infant and young child care is provided for you.

"Every child should have the right to receive a spiritual foundation upon which to base his thinking as he grows into maturity. Our Junior Church provides graded classes for children from kindergarten through the eighth grade. The high school youth come to the 11 a.m. church service. The meetings of their age group are conducted the first and third Sundays of every month. All are welcome," continues Dr. Barnhart.

An "Easter Bonnet" tea will be sponsored by the Women's Activity of the Church Thursday, March 9 from noon to 2 p.m. All are invited to purchase an Easter hat from a large selection of brand new "up-to-the-minute" hats that "will make you feel new." The hats are all one price — low. Tea will be served. Mrs. Sam Rowland is in charge of this unique afternoon at the church. The public is invited. The committee says, "wait until March 9 to complete your Easter wardrobe." For information concerning weekday meeting at the church, call 446-8206.

"Dr. Barnhart concludes with, 'Our telephone ministry offers you spiritual help day or night. Please call 447-6162.'"

Indian Pastor Occupies Faith Lutheran Pulpit

The Rev. James Gamaliel, a native Indian whose Lutheran parish is located in Perassala, Kerala, India, will occupy the pulpit in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. His sermon theme will be "Anointed for the Greatest Task." A fellowship coffee hour in the patio will follow the service, enabling worshippers also to meet and converse with the guest minister.

The Rev. Gamaliel is devoting a year to theological studies at the Fuller Theological Seminary in Pasadena on a fellowship extended to him by the Seminary's School of Missions. Proficient in the English language, he speaks Malayalam, the language used in Kerala, South India. He is a fifth-generation Christian whose early forebears were associated with the London Missionary Society.

Meeting at 9:15, the Sunday school departments will be introduced to the guest pastor by Mr. Donald Hingst, the church's Minister of Education and Youth. Mr. Gamaliel will be a visitor in the junior high and senior high Bible departments.

From 2 to 7, the young people of the church will attend the Youth Career Day at Emmaus Lutheran Church, 804 S. Almansor, Alhambra. The youth event is being sponsored by the district auxiliaries of The Lutheran Church — Missouri Synod to acquaint and interest young people in the professions and callings of the church.

In the Midweek Lenten Service next Wednesday evening at 7:30, the young people of the Walther League will present the drama "Behold . . . Now," produced by Donald E. Waldo and Paul Brenner. More of the familiar Gospel hymns will be sung.

Next Thursday evening at 8 in the parish hall conference room, Pastor Armin Hesse will initiate a series of weekly study discussions on "The Teachings and Principles of the Lutheran Church." These weekly presentations are intended primarily for non-members and inquirers, to whom a Christian welcome is extended.

Parish activities next week include: Junior Choir and Explorer Scout on Tuesday evening at 7:30; Children's Midweek School for grades 1 to 8 on Wednesday at 4; Board of Christian Education on Wednesday evening at 8:30; and Senior Choir on Thursday night at 8.

OLDEST LARGEST INDEPENDENT FEDERAL SAVINGS AND LOAN IN PASADENA

put them all together, they spell...
PASADENA FEDERAL

They not only spell our name, they spell SAFETY. Take that word 'Federal', for instance. It means our savers mutually own the Association and share in earnings. 'Federal' also means that with us your account is insured to \$15,000 by the Federal Savings and Loan Insurance Corporation. And the words 'Oldest', 'Largest', 'Independent'. They've spelled Safety to our savers for 32 years. • Now combine Safety with High Earnings (our current annual rate is 5.25%... which becomes 5.39% when earnings are compounded daily, and funds held for a year). Put them all together... they spell the rosy future you'll have saving at Pasadena Federal.

Special Study Session

Master Plan Discussed For Sierra Madre

The special study session of the Parks and Recreation Commission held February 9 reviewed the Bailey Canyon Nature Park Master Plan and held discussion on a Master Parks and Recreation Plan which would meet the future needs of a growing Sierra Madre. The date for Mira Monte Park has been set for March 21, and the public opening of Bailey Canyon Park will be May 1.

In the discussion which followed presentation of the plan for Bailey Canyon, Mrs. Morash and Mrs. Valois spoke, and Director Dodge was instructed to secure for the next commission meeting some cost estimates for necessary fencing, rest rooms and picnic tables. Dodge was also asked to contact City Council regarding the removal of this area from the fire closure area, and the Planning Commission regarding a variance from asphaltting the parking area.

It was decided that policy for participant use would be to keep the park open to the public during daylight hours, but if use became too heavy to restrict it in order to protect natural growth there.

To line up an overall master plan the priority list for Parks and Recreation was reviewed and the possible value of a survey discussed. It was decided that the Activities and Facilities Committees should go into this further and report to the commission suggestions

on how best to approach planning of both program and facilities for the future. After adjournment for a half-hour personnel session, the meeting was concluded at 10:24. Present, in addition to Director Dodge were Commissioners Simpson, Grippi, Rempel and Simons.

Bill and Sylvia Udell are one of the many couples beginning once again to sing a song of Little League baseball. Bill will again be a team manager, and Sylvia, as first vice president of the women's auxiliary, will have her first time in charge of the Diamond Diner at the field. Weekend before last the Udells and several other League couples went up to Mt. Baldy for dinner for his birthday, and all were enchanted when the surprise cake served at the Ice House restaurant appeared with sparklers instead of candles on it. Accompanying them were Pat and Dee Alcorn, Jane and John Holcomb, and Dr. and Mrs. Fred Holland, recently married (she is the former Jean Johnson). Now Mrs. Udell and her neighbor, Mrs. Jay Salter have committed themselves to putting on next year's PTA extravaganza for Sierra Madre, so there are busy months ahead.

Surprise Party For Quarnstrom's 25th Anniversary

Not only was there a silver money tree among the many gifts which overwhelmed Marge and Ted Quarnstrom when they were given a surprise party to celebrate their twenty-fifth wedding anniversary, but the guest list included a large-sized "family tree." On hand were all of their eight children, Bob, John, Doris, Lisa, Kenny, Tina, Eric, Lori, foster son David Wells, and grandson David Patrick.

The party was held at the Quarnstrom home at 169 N. Baldwin on the evening of Saturday, February 11, hosted by John and Doris Quarnstrom and Susan James and Bob Quarnstrom. Guests included Betty and Dick James with Sandy, Barbara and Jim Heasley; and Danny and Susie James; Mrs. Lillie Schmidt, all of Sierra Madre; Bob and Betty Powers, former residents of Sierra Madre, who came from Maywood; grandmother Mrs. Olivia Quarnstrom, also of Maywood, and Miss Mary Louise Brandes from Lynwood.

Many a parent in Sierra Madre will be echoing congratulations and best wishes to this couple with heartfelt congratulations for the leadership given in the struggle of Sierra Madre parents to achieve fair busing to school for their children.

Family Games

by

Question: How long does adolescent rebellion last?

The reader's question assumes that adolescents are rebels and this is a difficult assumption to prove. Only three per cent of all American young people are delinquent. This is a small percentage, although the number has risen 100 per cent since the end of World War II.

New York City found that 75 per cent of all juvenile delinquency in this large urban center could be traced to 25,000 multi-problem families. The first figure is a small proportion of all adolescents in America and the second figure for New York City shows the importance of family life for the development of delinquent behavior.

We are much more liable to write about or to read about the adolescent who occasionally runs afoul of the law. The adolescent who moves from childhood to adulthood with poise and equanimity seldom makes the headlines and yet such children do exist. For the past 15 years, Purdue University has been conducting pupil opinion polls among American high school students. Their findings are reassuring or alarming, depending on the point of view of the observer.

Dr. Frank Remmers and his staff have found that 90 per cent of all high school students believe "families should at least sometimes get together and discuss each person's problems." This fact suggests the enormous need for communication which is felt by adolescent boys and girls with their families.

However, when the families do talk together, the young people are uncertain whether their parents do actually understand them. The boys and girls voted that parents usually understand 35 per cent of the time, sometimes understand 40 per cent of the time and hardly ever understand them 24 per cent of the time. The parental batting average is low since these figures account for 99 per cent of the high school students polled.

'PEPTONE' BY ALICE MANG

"Walk Away Renee" wasn't enough for the Left Banke, they had to come out with another smash "Pretty Ballerina." It wasn't that the boys really didn't want the hits, they just seemed to come so fast.

From their beginning a year ago the boys have wanted to be a concert group so that everyone could just sit and listen to them. They seem to be well on their way to achieving this goal.

Mike Brown plays piano, harpsicord, organ and clavichord. For some time he searched desperately to find a clavinet, an 18th century keyboard instrument, because he liked the tone but found out it wasn't needed enough to take on the road. So now he plays an electric piano.

Newest member of the Left Banke is 19 year old, Rick Brand. He is lead guitarist and like everyone else in the Banke originated in Manhattan.

Bass player, Tom Finn once wanted to become a railroad engineer, but when he and Mike met and discovered each others musical interests, they immediately began writing songs together.

George Cameron, drummer provides that subtle rhythm backing that characterizes Left Banke arrangements. He is 19.

Vocalist, Steve Martin is the "idol" of the group. His vocals are responsible for a lot of excitement. Steve's background includes that of travelling all over the world, in fact, he had some schooling in Madrid, Spain.

Left Banke don't relish travel and can't stand "gigs." They prefer to concentrate all their efforts on turning out "real music," with as much of it as possible written by the guys themselves.

Mike said that to create a unique and original sound, the group has to produce its own material. Their new L.P. will concentrate all original material.

Miss Clara Sykes and Mrs. Lolita Osborne were among those who attended the Southern California Historical Society Conference ten days ago and they enjoyed themselves thoroughly, what with bus tours to historical ranches and all. It's good news to hear that our local Historical Society is plugging along on the idea of space for our own historical museum, even if it is only one large room.

You and Your Neighbor

by Mary-Madeleine Laphier

Talking with Helen Knudsen, whose husband Arnold loves to ski and loves to golf, brings up a point to make to other sportsmen husbands, to wit: the best time to try to sell a wife on the joys of participating in any given sport is definitely not just when she is applying first aid to the consequences, such as a ski gash in the leg or a golf blister on the hand. Later is better, or best yet, earlier.

Now that Mr. Knudsen has captured his MA it's his wife's turn and she is attending Cal State couple of eves a week for a major in Spanish, proclaims the small fee the best bargain going. She accompanies her husband and children on the weekend ski jaunts, often to Cracker Ridge, scene of last weekend's slope skims, but so far she's at watch bird; to keep children from getting too damp, run first aid station for her husband and be there to drive all home if mishap should be more than minor. She'll do her skills when their children are more self-sufficient (Karen and Christine now go to Sierra Madre, little Lois, not yet).

The Knudsens are co-advisors with another young and busy couple of the senior high youth groups at Michillinda Presbyterian Church, so their's is a humming household. Helen's brother Lt. Allen M. Zollars is expected back from Vietnam in June; he is stationed on board the Kitty Hawk. His wife and two children live in Coronado. The whole family is therefore looking forward to summer.

Mr. and Mrs. Cornelius Hulst of 3720 Fairmeade have this winter been visiting out instead of having out of town visitors in, making various little trips around the area. However their recent one to Santa Barbara was non-family, vacation type, and they enjoyed it very much, what with this great weather we've been having.

Mr. and Mrs. Larry Durr, who both attended the University of Hawaii, find that Sierra Madre is so unique and beautiful that it really tempers their nostalgia for the islands; they dream of a trip back in 1968, although they have a conflicting pull to try fishing in Canada. Their recent visitors from there, the C. Bud Pecks, who spent three weeks here, were escorted to all the local sights and to the legendary Las Vegas. Last summer the Durr's made a trip to Iowa to introduce their first baby, little Karlis Malia (Hawaiian for Mary) to Mr. Durr's parents, accompanied by young nephew Guy Brooks, and travelling in a VW bus! So strongly does this couple feel about our town that Mrs. Durr was one of those who set out with petitions when the battle to preserve the canyon wash was on.

COMMON MEASLES IS NOW UNCOMMON!

Common measles is becoming a lot less common, and, in fact, hit a new 21-year low last year as the result of a concerted drive on the part of the private physicians, public health departments and the U.S. Public Health Service to vaccinate susceptible children. The U.S. Surgeon General, Dr. William H. Stewart, predicts that measles can be wiped out entirely this year if the remaining "several million" children unprotected from measles are vaccinated before the spring measles season.

Already more than 15 million children have been protected against this potentially dangerous disease, but 1966 saw 3.7 million babies born that will need immunization when they reach their first birthday.

There are three types of vaccines licensed for use in the U.S. The two live-virus vaccines — Schwartz strain and Edmonston "B" are believed to provide life-long immunity. A killed vaccine is also available, but its protection is short-lived. The Journal of the American Medical Association reporting on 14,000 children in five cities receiving the Schwartz-strain vaccine found "The effectiveness of this vaccine as an immunizing agent appears to be outstanding."

If you, your family or friends have unprotected children, we Pharmacists at Hartman Pharmacy urge you to see your family physician and talk to him about this important problem. We would like to see common measles entirely exterminated (this year).

Dorn Hits Phone Rates

Supervisor Warren Dorn recently voiced his opposition to Pacific Telephone's request for a \$181 million phone rate increase, declaring "it is far out of line." He pointed out that the State Public Utilities Commission, "organized to protect the public" should be informed as to the people's position on the increase. Dorn asked the County Counsel to meet with various city attorneys to "muster opposition to the move." It was reported that some rates — particularly in the foothills and the San Fernando Valley — would almost double.

\$600 Million Contributed By Employers

Contributions to the state's unemployment insurance fund by California employers rose to an all-time high in 1966.

J. Richard Glade, executive vice president of the Unemployment Insurance Association, an organization of California employers and trade associations, stated that the Department of Employment's monthly report to the Governor indicates the state's employers were taxed a record \$600-million in the past year.

Glade emphasized that the entire amount had been paid by employers with "not one penny being withheld from employees' checks."

The UIA executive disclosed that \$540.5-million was paid to the state's unemployment fund, while an additional \$60-million had been contributed to the federal government's fund.

He also pointed out the fact that the entire unemployment insurance program in California was paid for by employers, including administrative expenses as well as benefit payments.

Our state's employers paid over \$100-million more for unemployment insurance than did the employers of New York, despite New York's larger "work force," according to Glade.

New York's employers reportedly paid \$431-million to their state's unemployment insurance fund during 1966.

The U.S. Power Squadron and the Pasadena City College Adult Education program are combining efforts to have free boating courses taught this year. The first class, started February 7, at 7 p.m. and will be held each Tuesday for 13 weeks. The classes will be 2½ hours long each session and will cover: water safety, seamanship, piloting, charting, navigation, and rules and regulations for boat owners and operators. Census show that there are over one million boats in the United States, thus this course will be taught on a nation-wide basis. The instructors will be members of the U.S. Power Squadron who are volunteering their time.

One of the most unique musical events of the year will take place in Pasadena Civic Auditorium on April 2, at 2:30 p.m., when the Hong Kong Children's Refugee Choir will perform a most unusual program. These tiny refugees, who have fled Communist China to live in free Hong Kong and attend a Christian day school, will dress in authentic Chinese costumes and play the ancient instruments of Old China. Two enjoyable highlights of the performance will be the fan demonstration and the "sing-a-long" where these youngsters will teach the audience an American song in Chinese. These children are sponsored in their school and on this tour by the Church In The Home Organization, which is celebrating its 15th anniversary this year.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—millions leave them there!

A MATTER OF VIEWPOINT

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What is as thrilling to a child as winter—and a nice fresh snow? But for an adult, shopping or working in winter weather, nothing is more miserable.

This goes for so many things. What looks good to one person looks terrible to another. What one person enjoys doing, another dislikes. What agrees with one disagrees with another.

There is nothing wrong with this. We have a right to our individual likes and dislikes, to our individual opinions. We also have the right to know the basic things in life, the truths that apply to everyone. These are the foundation blocks upon which all else is built. This is the kind of knowledge given to us by the Church.

If you have been thinking that church-goers are conformists—people who believe what they are told and let it go at that—then you've been making a mistake. Because a group of houses are built upon the same firm ground does not mean that each house cannot be separate unto itself. Because a man goes to church does not mean that he is one of a mold. Try it, and see.

Editorially Speaking . . .

Taxpayers Support

Directors of Taxation, Inc., a countywide homeowners association, have called upon University of California regents to institute a "reasonable" tuition charge for university students.

In a letter to Regents Chairman Theodore Meyer, the president of Taxation, James C. Yancey of Pasadena, said: "The Board of Directors of Taxation, Inc., a Los Angeles countywide property owners' association, have voted unanimously to urge the Board of Regents of the University of California to make a reasonable tuition charge, as is done in all other states except Idaho and Connecticut.

"We support, of course, a generous loan system for those deserving students who cannot otherwise obtain a higher education.

"As mounting tax delinquencies signal the approaching end of home-owning as a way of life, we are incensed by the insolent, ungrateful and shortsighted demonstrations against the governor's tuition and economy plans by both students and faculty members, whose own future chances of owning their own homes is as much at stake as our's.

"We further ask that you investigate the teaching load of our university faculty members, which we are told often do not exceed five or six hours a week. We know that many of these persons, while claiming to spend additional time on "research" and "publications," actually use their spare time to supplement their already adequate salaries.

"We hope that you will take seriously the impressive electoral mandate given the governor to reduce state spending and balance the budget without tax increases and we suggest that you investigate the administrative fitness of administrators who have done little or nothing to introduce economy and efficiency into their educational operations."

Bite Getting Bigger

There is coming to be a widespread feeling that social security benefits and taxes are getting out of hand. Taxes on payrolls will soon be passing 10 per cent of a continually rising level of individual income. For many people, social security taxes are higher than income taxes.

The obligation of the government to pay benefits for which reserves are not now in hand is estimated at around \$400 billion. This mortgage on future taxpayers is expected to rise soon to \$500 billion. Apparently, we are headed in the same direction as European nations, where welfare payments take a third or more of national budgets. If the trend continues, it is hard to see where the private savings will come from that in the past have provided the capital for industrial development.

Voluntary private investment has built the great industries of the United States. As an example, life insurance companies in this country bought \$768 million worth of public utility bonds during 1965. By buying life insurance for their own protection, U.S. citizens in turn provided the funds for needed growth in the utility industry. Similar institutional investing provided funds for countless other industries. In addition, millions of individuals have made direct investments in the industries of their choice — investments that have been made from savings. These investments give meaning to the phrase "people's capitalism."

As taxes rise — for whatever purpose — the ability of people to invest voluntarily and plan a future on an individual basis, diminish. By the same token, if the day comes when the capital needs of industry cannot be met from private sources, American industry will have no resource but to turn to government for capital. In the long run, it appears that a welfare state is merely another name for socialism.

Wild Flowers

This is the time of year when California's world-famous wild flowers will soon be making the countryside throughout the state a joy to behold. The thousands upon thousands of acres of these lovely blooms, which existed 35 or 40 years ago, have been reduced to a mere fraction of what they were. They become fewer and fewer each year. While agriculture, home building and highway expansion are responsible for much of this, it is, also, partly due to thoughtless or deliberate vandalism on the part of many of our people.

If these flowers are to be preserved for posterity, as well as for our own enjoyment, and not face extinction — as has already been the fate of many varieties — drastic measures must be taken to inform our citizens of the importance of their conservation.

We call attention to Section 384-A of the California Penal Code, which states that, "it is unlawful to cut, mutilate, remove or destroy native plants, shrubs or trees growing along public highways or on privately owned land without written permission from the owner. This law is enforceable by any peace officer and violation of it is punishable by a fine not to exceed \$200 or imprisonment for six months, or both."

We ask your help in bringing the substance of this law and its penalty for violation before your friends and children with an appeal for its strict observance. Ask them not to pick our wild flowers but to enjoy them in their native habitat, where they are loveliest.

Help keep our highways and byways as beautiful as Nature made them. Help prevent the unlawful destruction or removal of wild flowers.

Some of our fellow publishers give us a hard time every year when we get worked up about our various and sundry tax forms, a state easy to get into around the first of the year. We have heard that all of us work the last three months in every year for the various taxing bodies and we don't doubt it a bit. We might add that you also work the first month out of the year for the same tax bodies. A mere report on the number of the various forms makes you dizzy . . . We reiterate our annual offer. We'll give the government our business if it will just pay us the taxes.

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published.

"Ecce Homo" — words spoken by Pilate about Christ and translated "Behold the Man!"

The book "Ecce Homo" by George Grosz has apparently been chosen by a cadre of pseudo-artistic goof-balls attending UCLA as their candidate for the bible of the future. The pages of this perverted diatribe might never cross the visual horizon of most of us or, for that matter, any "square" who isn't hell-bent on destroying morality. But to the ultraliberal students controlling and publishing "Intro," the weekly art supplement to the Daily Bruin, the Grosz book served as a perfect vehicle to promote immorality. This group of disidents, completely free from campus administration regulation, assembled in one issue of "Intro" the most nauseating conglomeration of filth, obscenity and pornography and then glibly peddled it to the entire student body under a thin facade of art.

The picture appearing boldly on the front page of "Intro" introducing the chosen portions of "Ecce Homo" along with provocative editorial comments cannot nor would not be reproduced in this column or in this newspaper. It is doubtful if the lewd sketch and accompanying verbal filth could legally appear in any publication even with the state and local pornography laws being as loose as they are.

At this writing UCLA Chancellor Franklin D. Murphy has been served with a writ of mandamus calling upon him to take further action against the suspended "Intro."

The writ, filed in Los Angeles Superior Court, seeks a greater administration role in ending alleged obscenity in "Intro."

The petition asks the court to command the chancellor "to cause the paper to cease and desist from the publication of filth and pornography" since he controls funds used by the student paper.

The action was brought by students who have been critical of the Daily Bruin claiming that it represents only a small minority of ultraliberal students.

Be that as it may, one thing is certain: the tail has been wagging the dog far too long. It is time for a change. The University administration had better start laying down some controlling regulations and enforcing them; the students had better start abiding by them or get out; and the taxpayers had better start

Gary Rees To India

Gary Mahlon Rees, son of Mr. and Mrs. A. B. Rees of Sierra Madre, is one of 60 Peace Corps Volunteers departed February 13 for a two-year assignment in India's southern state of Andhra Pradesh.

During 12 weeks of training at Fresno State College, California, the new Volunteers studied the Telugu language (spoken by 30 million people in Andhra Pradesh state), Indian culture and agricultural extension methods. These 60 volunteers will join about 1400 Peace Corps Volunteers already at work in Indian agriculture, health and nutrition, family planning and small industries programs.

The Masonic Lodge here in Sierra Madre will have its annual Washington's Birthday Dinner Sunday from 8 to noon.

Dr. Milton Valois, president of the Sierra Madre Board of Education and one of our town's local dentists, announced Monday night that he will not seek reelection in May. Dr. Valois explained, "Six years is long enough."

Despite the continued protest from a number of property owners, the City Council at its regular meeting Tuesday night is expected to approve a canyon-filling project along Mt. Wilson Trail Road. This project has been recommended to the Council by Administrator Lawrence C. Bevington.

Rev. George Lindsay, of the Congregational Church, and Rabbi Charles W. Steckel, of Temple Beth Israel, will exchange places for this week's services, in honor of Brotherhood Week.

From our book review section come some new books, Ernest Gann has just completed his new novel, "Twilight For the Gods." Mr. Gann is known for his last book, "The High And the Mighty." Another man, Han Suylin, just completed, "And the Rain Is My Drink." This man's last novel was also quite well known, "A Many Splendored Thing."

The YMCA for Monrovia, Arcadia, Sierra Madre and Duarte have been on a membership campaign these past three weeks. They had their goal set for 400 in the three week period; today, they have announced that not only have they reached the goal but surpassed it!

20 Years Ago:
Feb. 27, 1947

Five hundred Sierra Madrans turned out last Saturday night to dance to the music of Herb Atkins in the Women's Clubhouse for the Veterans new project. The new project will now be well on its way, for the VFW raised \$1000 clear from expenses.

The Menu Story

by Frank P. Burke

During the early days of the Roosevelt Administration, a lot of us remember the "bank holiday."

Some banks closed for "REORGANIZATION" and some JUST CLOSED and REMAINED closed.

A great many people lost their life savings.

A lot of these unfortunate souls jumped out of tall buildings — or shot themselves.

One of these banks that failed to re-open was Neptune Savings and Loan — in Atlantic City, N.J.

Shortly after this liquor and beer returned — and people stopped jumping out of tall buildings and shooting themselves!

This bank was the FIRST in the NATION to re-open as a restaurant — known as Mike Trench's Neptune Inn. Mike Trench was an old time bartender and was known by MANY of the POLITICAL and MONEY groups.

They are still doing business there and the food and drink has to be classified as excellent. Any drink that calls for JUICE — limes - lemons or oranges are cut and squeezed before your eyes.

Old Mike is gone now — along with his wife Hilda and son Jerry.

If you ever get to Atlantic City you'll enjoy it. But make it a must to have dinner at Neptune.

My three brothers and myself worked there at one time or another.

Say hello to the two night barmen Johnny and Bill.

Tell them you read this story in the Sierra Madre News.

"Let's Talk Dry Cleaning"

by Joseph Delgatto Sr.

The legend most closely associated with George Washington, whose birthday we honor on February 22, is the famous story about the cherry tree, and young George's answer to his father's question... "I cannot tell a lie."

There seems to be a good deal of doubt among historians that this incident ever occurred... but it illustrates one of the qualities we like to attribute to great men — the virtue of honesty. Washington may never have chopped down a cherry tree... but his life did demonstrate the integrity of purpose and the unflinching facing up to the consequences of his actions which the story suggests.

Honesty is a quality we all like to find in our business dealings. And it's impossible to estimate how important this business integrity can be. It may be possible to make short-lived gains dishonestly, but not an enduring success.

We're proud of the reputation dry cleaners have earned in their communities for dependability and integrity. And we're particularly proud of our own reputation for rendering the best possible cleaning service at the fairest price.

SM Hospital
The medical staff is now composed of 48 doctors. The hospital maintains a modern laboratory, x-ray and pharmacy.

Mrs. Rosella Wharton, president of the women's auxiliary, a corps of over 50 active and associate women and 12 candy strippers, reported that since their organization in 1961 they have contributed over 17,000 hours for Sierra Madre Community Hospital benefit and have raised over \$12,000 in their various activities, which has been used to purchase various types of hospital equipment in adding to general hospital efficiency.

At the corporation meeting a motion was made by William S. Bennett and seconded by Donovan S. Bolter authorizing the board of directors to explore the feasibility of again providing 24 hour emergency hospital service. The motion was unanimously carried with the promise of board members that the situation would be carefully studied at once.

Engagement of Donna Mae Ivory

Mr. and Mrs. Raymond Earl Ivory Jr. of 220 E. Sierra Madre Blvd., announce the engagement of their daughter, Donna Mae to Mr. Cyril T. Faulkner of Wheaton, Illinois. Mr. Faulkner is a pre-medical major at Wheaton College and will graduate this year.

The bride-elect is a sophomore at Pasadena City College where she is studying to become a medical assistant. The two will exchange vows in a June wedding at the Lake Avenue Congregational Church of Pasadena.

Sujata and Asaka

The return engagement of the famous dancing duo of Sujata and Asaka will be the feature of the Fourth Tuesday Series in the Shakespeare Club Auditorium on Tuesday, February 28 at 1:45 p.m. Acclaimed the finest in their field here and abroad, this is their last performance before an extended European tour.

Mrs. James C. Chambers, president, will preside at the noon luncheon when the art department present Mrs. Whitney, a speaker from the Pasadena Art Museum. Mrs. Whitney's topic will be "The Fascinating Outlook for us Now Offered by the New Art Museum."

Dancing Here

A social hour will follow the afternoon program with Mrs. Robert M. Spangian, chairman.

Meeting

The American Home Department will meet Wednesday, March 1, 10:30 a.m., in Stratford House. Mr. Thomas Brennan, a stock broker, will speak about "Women in the Stock Market."

Meeting

Shakespeare Department will meet Friday, March 3, at 11:30 a.m. in Stratford House to conclude the reading of "Merchant of Venice."

Look for your neighbor in church this Sunday.

You and Your Neighbors

by Mary-Madeleine Lamphier

Mrs. Ted Will (Nancy) of 3680 Newhaven Road and the Field PTA will be having a sligh of relief after last week. She's been a busy den mother for Cub Scout, and of course there was the big Blue and Gold dinner last Friday. With her own boys now outgrowing Cub, she is plunged into family music: Heidi is studying piano, Eric the clarinet and Jimmy the violin. "Can't hear yourself think" would be a literal phrase in this household.

At the Smallwood household, 1728 Rodeo Road, the watchword is "little league," for Jim is already trying to shape up. His brothers Joe and John and sister Jeanie can give him a cheering squad when the busy season of baseball swing into play. And, as his mother says, with which a host of other parents will agree, there's not much time for anything else when baseball is under way, for families just have to be present as audience for those seriously battled games.

Mr. and Mrs. Ronald Swin of 440 N. Michillinda had a dinner party on Sunday, February 12 at which the following were guests: Mrs. Swin's sister Grayce, with her husband, Charles Santa, who came from Torrance with their children Ray Kay and Mary Pat; Mr. and Mrs. John Gougeon, with their three, Marie, Claire and Andre; Miss Denise Genieve, also of Sierra Madre, and Mrs. Ann Reymeyer of Pasadena.

Harold and Cecilia Sweet of 610 Rim may nod a bit absentmindedly these days when son Michael, biz adm. student at PCC, tells them of scholastic doings because they really have something to dream about: in a few weeks they'll be celebrating their 30th anniversary with a cruise to the Caribbean!

Bernice Balzar of 10 1/2 W. Highland has returned home here after several months away on a job, vowing firmly never to leave here again. During her absence she managed to get in a recent visit to her brother and his wife, Mr. and Mrs. James Curtis of Tujunga.

Sharon Anderson, daughter of Mr. and Mrs. Edwin Anderson of 212 Olivera Lane, who is a junior at PHS, has made it to finalist for the school's madrigal singers. This group sings at various places on request; last week they performed at a lunch at the Huntington-Sehraton. Sharon has two brothers, Stephen, who attend Wilson and Dennis, who goes to Pasadena Christian.

The pre-Easter quiet hovers over many a household these days, including that of the Ralphs Bartolmes at 911 Tallan Leaf, despite a household with three children and son Wayne at UCLA. However Wayne contributes his gleeful news that his fraternity Theta Xi, for which he is secretary of the house, nabbed the sweepstakes trophy during the recent "Greek week." Wayne is an engineering student.

The pleased parent-type smiles worn by Mr. and Mrs. Robert Van Ness of 38 W. Mira Monte just could be due to the fact that son Robert, Jr., has once again made the honor roll at Wilson and son Mark, 5th grader at Sierra Madre, tried out for Pasadena's All-City Orchestra, though they don't know results yet. Mark plays the cello.

Mrs. Patrick Fagan of 1310 Medford Road, feels like she is beginning to run a travel agency. Her Christmas holiday guest just left to return to Ireland; this was her brother Liam Heagney whom Mrs. Fagan hadn't seen in 10 years. By the way this delightfully accented lady told me that her brother's name is the Irish way of saying William. The Fagans also entertained before Christmas when a good friend, Vera Crane, from

Australia came to visit for Thanksgiving. When Miss Crane left just before Christmas for Ireland, she went via Texas and New York, where she visited other friends. Meanwhile Mrs. Fagan is getting no rest, for when I called she was gravely instructing her Girl Scout Troop... There's a brave, ambitious lady if I ever knew of one.

Robert and Consuelo Davidson of 75 W. Mira Monte are anxiously awaiting the news of a new baby to be theirs in one month. Mrs. Davidson told me they are hoping for a baby girl to even out their family of three boys! Chris S. Gregory, 6, and John 1, and two girls, Susan 12 and Jane 11. Hope you get that little girl!

Mr. and Mrs. Kenneth Ward of 4 Ontare Road have just returned from a trip to Mexico where they visited Mazatlan and La Paz. Their offspring, Mike, Joady and Tom were looked after by Mrs. Ward's mother, Mrs. Paul Tazernetti, who came down from Salinas to do so, and thereby also had a good mother-daughter visit when the Ward's returned.

John and Mary Basil, of 579 Las Rocas Drive, are awaiting the news from Oregon, which will proclaim them grandparents for the third time. Their daughter, Mary Elizabeth Dace already has presented them with two grandchildren, Karen, who is now 6 years, and Jimmy, now 4 years.

Couple of other proud parents are the Joseph Gendrons, though their three are pretty well out of the nest now, for Dennis has enlisted in the Marine Corps Reserve, and is now at San Diego. Maurice, now married, is teaching French in Whittier and Jean, who attends UCLA, majoring in French with plans to teach it, only gets home weekends.

The Gordon Baker Lloyds will radiate out from Oakland to such stops as date orchards, Salton Sea, Palm Canyon, dunes, cliffs, and several historical spots. The tours are conducting feature the history and horticulture of the area. As the Lloyd's pass through, they give Sierra Madre the usual boost. Also last week the third annual reunion of their tours was held in the lovely garden center of Oakland with 251 in attendance for Sunday afternoon tea and coffee. Gordon and Sassy are just a few tours from reaching 100 trips in the last few years. Added to the program this year is a three week tour to the World's Fair in Canada in September.

which takes place the last Saturday of each month, mark your calendar to catch it in February and thereby stretch your budget like crazy.

Dennis L. Gagne Completes Course

Private First Class Dennis L. Gagne, 22, son of Mr. and Mrs. Raoul M. Gagne, 441 Santa Anita Court, completed an electronics technician course at the Army Signal School, Ft. Monmouth, N.J., February 10.

He was trained in the operation and repair of systems in various Army radios, radar sets and electronic computers.

Private Gagne's wife lives at 56 Myrtle Ave., Long Branch, N.J.

Reagan Hailed By Richardson

"Governor Reagan should be praised for his determination to stop the spiraling costs of state government," stated State Senator H. L. Richardson (R), 19th District.

He went on to say, "The State of California is faced with a serious financial problem, inherited from the previous administration and we must applaud Governor Reagan for meeting this problem head on. Our Governor's budget message to the joint Assembly and Senate was straight-forward, factual, and sobering."

Senator Richardson added, "No nation, state, county or local municipality survives when they tax, tax, spend and then tax again. Government has never had a mandate to jeopardize the people they represent."

Also, "The General Fund of the State has been spending a million dollars a day more than it has been taking in. This kind of fiscal irresponsibility undermines the confidence of the people in their government. Governor Reagan is offering positive, forward leadership to correct this inequity. He deserves our support."
